MIXED SELECTIONS OF DIFERENT COLOURS AND DESIGNS ARE AVAILABLE.

SPECCIAL SELECTIONS ARE AVAILIALE ON PRE ORDER.

Our festive selection is available in many colour options.

Here by are visualized **golden**, **silver**, **blue**, **violet**, **red**, **white**. All those selections are perfect for **Christmas**.

We can make **Christmas stars** and **snowflakes** in our selection.

Mostly is in our offered selection, **Christmas vibe is created with festive mood, not too specific Christmas themes**, like Christmas wishes in writing or specific Christmas themes. It is in purpose to **support the stock sales also after 26. December**.

If you have wish, then we are happy to **add festive ribbons with Christmas Wishes**. Also in this case products can still be sold with only one simple label removal move.

First some ingredient information.

Blossom ingredients vary as “Basic”, “Premium” and “Ecological”.
Other parts of products are made of same fine chocolate.

We make blossoms from 3 types of recipe.

BASIC products **blossom** part does not consist cocoa butter. It is replaced with palm oil.

It is the most similar product to white chocolate. As our blossoms do consist also glyucose

and fruit or berry seasoning, the flavor difference is noticeable only for confectioners. The BASIC line reaches white tone and its melting temperature point is higher w
it is stiffer. It is rather suggested, when temperature at store seesaws over 25c.

PREMIUM is made of quality white chocolate. Cocoa butter aftertaste is noticeable. Blossom texture is softer. In case of products that do consist only blossom (2..1 and
this consistence allows to name the product still as chocolate flower, which is important argument for clients at the store.

ECOLOGICAL has ecological certified / environment friendly produced ingredients, cocoa
based chocolate. Photo of milder tones of ecological colors is at end of price list.

This all is about blossom part. All other, like stem of flower, truffles, ... are same cocoa butter chocolate.
