

Product nr 1..1

Flower Nature.

Premium

Karilá **chocolate flowers** are a new innovative gifting product. Our chocolate flowers combine sense of **beauty** – the flower, and **delightful flavours** – the chocolate. The edible flowers are the perfect **present** – it is a flower, which does not wither. It has a sweet ending instead. All our chocolate flowers are **handmade, and so each of a kind.**

Chocolate flowers are bought not only for Valentine's and Mother's Day. People have birthdays every day. Birthday is rather the occasion, when special and different present is searched.

Karilá  
flowers

all  
roses

Species of edible flowers in the Flower Wild product line is most wide. We do have for you gala, orchid, iris, poppy, dianthus, waterlily and most beloved rose. It is possible to order all flowers in same species. Yet a set of only roses does look nice. Default set is 4/5 roses and some from different spices.

Karila Flower Nature is the most beloved chocolate flower. Long stem and rich blossom make a perfect replacement to fresh flowers.

Stem of the edible flower is made of dark chocolate. Blossom is made of white chocolate. Yet also available in 3 recipes described in flower products summary page. Edible flowers are seasoned with natural strawberry and pineapple pastes.

Colorant are also natural.

Large range colour set of 25 roses, *80g*,

*Stem: dark chocolate,*

*Blossom: modelling white chocolate,*

*natural* colours, natural berry paste  
seasoning
